We Hope you enjoy preparing food with BLAZE.

Blaze specializes in the manufacturing of household cutting tools and kitchenware since 1992, more than 28 years of experience in the manufacturing and marketing of quality kitchenware products.

We endure in providing the same quality products that stay with you through the years and can be experienced in every Blaze products. We use high grade of stainless steel, one of the finest available in the market. Features in our knives like taper edge grinding, serration with higher composition of carbon and chromium to make our product sharp, hygienic, rust resistant and durable. Every Blaze product is individually tested to provide customer delight.

Whether at work or at leisure, at school, at home or at office, Blaze helps you accomplish the task at hand more easily, accurately and safely.

Get a BLAZE product to see the difference for yourself.

PFOA FREE

MATERIALS

GREBLON C3 NON-STICK

A versatile 3-coat system with a highly resistant top coat suitable for daily use. This coating has a good scratch and abrasion resistance with a very good non-stick effect. Suitable for healthy cooking methods with minimal greasing.

PRESSED ALUMINIUM

Press aluminium utilizes compressive force to shape a cookware from a sheet of aluminium, the result is a very quick-heating cookware.

COOKING

Suitable for cooking for all heat sources
